WHAT CONNECTS US & BRINGS US TOGETHER TO ACHIEVE OUR GOAL

With boundless passion, we at KNAUS have been creating unforgettable holiday experiences since 1960. We not only want to meet your demands, but exceed them. That's why we are constantly developing innovative technologies to make your holidays the best ever. Each of our vehicles incorporates the precision of our passionate employees and the knowledge and experience we have gained from over 60 years of caravanning.

STATE-OF-THE-ART PRODUCTION

Our development centre in Jandelsbrunn, Bavaria, is where our team designs new vehicles, tests innovative technologies and is continually creating revolutionary new products, which we definitely see as a source of inspiration for the caravanning industry. Serial production begins as soon as the prototype meets our high standards. For this purpose, we operate two further ultra-modern production sites in Mottgers, Hesse, and Nagyoroszi, Hungary. Advanced production lines enable us to take a flexible approach to new production processes.

WE HAVE RECEIVED OVER 50 AWARDS

KNAUS stands for quality. And that's not just the way we see it – numerous awards confirm that we are doing the right thing, each and every day. Our awards motivate us to deliver top performance time and time again. Of course, we are happy to share this with you, our customers. A complete chronicle of our awards can be found at

WITH PASSION AT WORK

For us, people are the focus of our attention. That is why we invest continuously in our staff and sites. Our production lines have been adapted to the individual needs of our employees. Trust, respect and a strong team spirit are the hallmarks of our team. As a leading employer in the caravanning industry, we are always happy to welcome new “holidaymakers” and provide training in various professions.

INNOVATION AT ALL LEVELS

At KNAUS, the wheels are always turning. We want to inspire you over and over again – whether that's with revolutionary technology, comprehensive new developments or progress where lightweight construction is concerned, as well as flexible or sustainable solutions. All of our findings enable us to continually improve our products and fully exploit their potential. This is how we are realising our vision of revolutionising the leisure vehicle industry. All of our innovations are driven by our desire to offer you the best ever holiday experience.

SERVICE YOU CAN RELY ON US

You can rely on our products & service partners. Every KNAUS vehicle comes with everything you need as standard to get to your destination safely. That is why we grant a 10-year leak-proof guarantee* on all of our products and only ever use high-quality components, guaranteed to give you many years of happiness. The garages and tailored services of our expert dealers are at your disposal. What's more, all participating MAN TRUCK&BUS service centres will undertake any servicing, repair, maintenance or care work on the body of your motorhome or camper van – regardless of the chassis that your vehicle is built on.

*For leisure vehicles made by KNAUS, as part of the guarantee conditions which apply upon handover of the vehicle and in addition to your statutory warranty, we provide a 10-year no-leak guarantee on the vehicle body manufactured by us.

FANTASTIC MATERIALS

We build furniture that makes your vehicle feel special.

The demands placed on the furniture in our caravans are incredibly high. That's why we use premium materials as well as robust designs and technologies that will inspire you for a lifetime.

Elaborate integral furniture construction.

Air circulation is one of the most important requirements for a pleasant and healthy indoor climate. (Dependent on model). All furniture is rear-ventilated in a manner that optimises the performance of the heater. The open rear ventilation cut-outs enable optimum hot air circulation, providing cosy warmth in the vehicle.

Innovative mix of materials. We use innovative and robust, lightweight materials for our furniture, among other things. Combined with the dowel technology and aluminium profiles, all of these measures reduce the vehicle weight and also ensure the additional stability of the bodywork. (Dependent on model)

Ceiling-mounted lockers. They are exceptionally sturdy and are mounted with a gap between them and the walls. This allows the air to circulate unhindered behind the lockers. Condensation in the lockers is prevented, keeping your clothing and possessions fresh and dry at all times.

Soft-close mechanisms. The overhead cabinets with soft-close mechanisms close gently and lock automatically. The generous fully-extending drawers with soft-close mechanisms make it easy to tidy everything away. Of course, they also close almost silently (dependent on model).

Premium quality materials are the basis for maximising longevity. That's why we install solid cast-iron pan supports, scratch-resistant stainless steel sinks, highly durable HPL surfaces, and lots more besides.

Stable & precise fit. With elaborate dowel technology, we achieve a very high fitting accuracy and a significantly more stable furniture construction. In addition, we use solid aluminium profiles that not only make the furniture more stable but also noticeably lighter. (depending on the model).

RELAXING & COMFY

We give the highest priority to the design of the sleeping area to ensure you wake up feeling refreshed every day of your busy holiday.

The 5-zone EvoPore mattresses not only pamper you with excellent sleeping comfort, but are exceptionally durable too. (Across all series). The optional WaterGel topper will ensure you get an even better night's sleep.

Slatted frames with or without disc springs. We install high-quality slatted frames as standard. The distance between the individual slats offers optimum stability and superb ventilation at the same time. For an extra touch of comfort, a disk spring base is available as an option. This enables the mattress to mould perfectly to the shape of your body, providing you with even better support (across all series / optional).

Fitted sheets. The lying comfort is optimised with our perfectly fitting, optionally available fitted sheets.

More than just ambient lighting. Wherever atmospheric lighting will make your holiday more special, we install carefully integrated, dimmable ambient lighting (optional). The elaborate lighting concept with the unique KNAUS signet creates an exclusive overall impression. The dynamic light strips in the AZUR are a particular highlight (dependent on model).

ACTIVE LINE fabrics are extremely easy to clean. Liquids do not seep in immediately and most stains can be removed with a damp cloth. Ideal for families and dog owners thanks to the superb easy-care properties.

Pleasant seating comfort is not an option but part of the standard equipment. No matter which fabrics and upholstery you choose, you can always rely on one thing: seating comfort optimised for the respective model is part of the basic equipment of each KNAUS caravan. Depending on the model, that's why we use ergonomic seat cushions, which provide your back with the perfect amount of support.

Standard fabrics all convince with durable materials and an attractive design that matches the respective furniture decor.

Our caravan cabin doors. All KNAUS cabin doors are equipped with a weather-resistant double seal. They also feature a particularly quiet, vehicle locking system and are available in an extra-wide version depending on the layout.

Innovative shower curtain with air chamber. You all know how a wet shower curtain in a caravan can cling to your body like a magnet. An integrated air chamber in our compact bathroom, which helps the innovative shower curtain to maintain its shape and keep it away from your body, has put an end to this (optional).

First aid MediKit. Heartburn, headaches, allergies: Things you hardly ever need – especially when you are travelling. To ensure that you are well prepared for the worst case scenario, every KNAUS vehicle is accompanied by a MediKit voucher* with which you can conveniently redeem the practical first-aid kit with our shipping partner* online.

Interior options. Feel like you never left home. That's exactly what we're aiming for with our interior design. Depending on your needs and preferences, you have a choice between lots of different bed, bathroom and kitchen options. Discover all of the possible options here.

OPTIMUM GAS SUPPLY

Thanks to the complex parallel lifting mechanism, you have a large access area. The gas pressure spring also ensures that the hood gently glides upwards. With the stable aluminium chequer plate floor, the gas box for 2 x 11 kg gas bottles becomes even more robust and offers a low loading edge. With our E.POWER vehicles, you will no longer have any need for a gas supply and will gain extra storage space in the front locker. For more information about our E.POWER models, see **page 13**.

High-quality alloy wheels. Our 17" alloy wheels in exclusive KNAUS design provide a particularly harmonious and dynamic overall picture (Dependent on model / optional). They are resistant to salt water, which makes them perfectly suitable for use in winter too.

Practical ServiceBox. In all KNAUS caravans, the supply technology is arranged in such a way that it is laid with the heating system in a frost-protected manner. The service box centrally combines all the connections. We have also ensured that they are easy to access via the flap integrated in the side wall (dependent on model).

Up to 50 % weight saving with significantly more usable capacity: the optional **LiFePo4 batteries** are perfect for anyone who is often self-sufficient.

Hygienically perfect water at every destination. The bluuwater water filter removes almost all germs, bacteria and small particles (99.999%) from the pipework in all Knaus Tabbert vehicles (comes as standard). The replaceable filter cartridge with highly efficient ultrafiltration membrane is mounted vertically or horizontally between the water tank and the pipe system. It has a filter capacity of up to 8,000 litres – and, thanks to a Timestrip indicator in the vehicle the remaining usage time can be checked at any time. The bluuwater cartridge needs to be replaced after six months at the latest, depending on use. Thanks to the click-and-ready quick coupling system, it can be replaced easily and drip-proof.

PERFECTLY BUILT FROM SCRATCH

DURABLE PRO.TEC FRAME

The Pro.Tec frame is a particularly solid aluminium profile strip that connects the side wall, front wall, rear wall and roof to one another. It improves the stability of the bodywork and therefore also the longevity of the entire vehicle. One particular highlight is that the Pro.Tec frame incorporates a chamber for the sealant. This means that it can no longer bulge out, ensuring a seamless appearance (dependent on model).

HIGH-STRENGTH GRP ROOF

For maximum hail protection, we install a high-strength GRP roof with a fibreglass content that is almost three times greater than that of standard GRP (across all series).

STRIKING, SHAPELY & 100 % KNAUS.

The unique rear and side windows perfectly match the unique exterior design line (dependent on model).

JOCKEY WHEEL WITH LOAD INDICATOR

Loading errors can be easily avoided with the new jockey wheel that includes a vertical load indicator. The current vertical load is displayed directly and you can react accordingly (Optional).

AKS LANE STABILISER

For a safe journey, the series AKS lane stabiliser eliminates swerving motions and thereby also the dangerous sway of the vehicle (Across all series).

SAFE AL-KO-CHASSIS

Every chassis of our caravans is hot-dip galvanized and therefore especially protected against corrosion. Due to semi-trailing arm axles and oil-pressure shock absorbers, you will enjoy a comfortable ride (Dependent on model).

Revolutionary FoldXpand rear construction

The automotive FoldXpand rear construction with flush-mounted taillight carrier provides greater interior space for the same vehicle length (dependent on model).

CATEYE evolution tail lights

Increased driving safety and distinctive KNAUS night-time signature thanks to the 3D design of the lights, dynamic LED indicators and integrated failure sensors (dependent on model).

Velocate GPS-Tracker

In the event of theft, the GPS tracker can help you to recover your vehicle. Capable of working independently for up to 3 months, it leaves nothing to be desired. The tracker can also be upgraded with Bluetooth sensors (optional).

SMART CI control panel

The smart CI control panel with touch screen is the easiest way to centrally control all functions of the vehicle. It can be controlled intuitively using the screen (dependent on model / optional).

*As part of our guarantee conditions valid upon handover of the vehicle, we grant a 10-year leak-proof guarantee on the body manufactured by us in addition to the statutory warranty for leisure vehicles made by KNAUS.

INNOVATION AT ALL LEVELS

Great ideas are always found whenever expertise and passion come together. Our aim is to make your holiday that little bit more special with the help of cutting-edge technology and smart innovations. With vehicles that are already being built today for the freedom you desire tomorrow.

ARE YOU AN E-CARAVANNER?

Start enjoying your holidays even more quickly in greater safety and comfort with our completely gas-free E.POWER models. Swap all the unnecessary winter equipment included in conventional caravans for more storage space, a higher payload, state-of-the-art electrical appliances, increased safety and less maintenance!

If you can answer "yes" to the following questions, then our E.POWER technology is a fantastic alternative for you.

- + Do you prefer travelling during the summer season, from Easter to October?
- + Are you looking for simple, intuitive controls?
- + Do you want air conditioning in your caravan?
- + Are you definitely not the sort of person to go camping in winter?

Self-supporting frame. A true innovation! The self-supporting FibreFrame revolutionises the interior design and the versatility of our layouts. The entire body is supported by plastic components that are glued together to form a durable FibreFrame, enabling the furniture and storage compartments to be positioned anywhere. Any slight scratches or damage to the surface of the frame can also be easily removed (without any abrasion of the material). Sunlight causes the material to expand, before returning to its original shape.

Innovative dyonic chassis. Unrivalled dynamics + Innovative bionics = Dyonic. The dyonic chassis has been developed to create the perfect base for our caravans. The result is a chassis that is particularly light, durable and tough.

Modern interior design. Revolutionary technology is the basis for a completely new design concept. Thanks to FibreFrame and ultrasound technology, the furniture can be placed in any location without requiring any screws. The result? Innovative layouts, clever solutions and a modern, open interior for truly unparalleled comfort.

Fully equipped kitchen. Compressor refrigerator and induction hob are available if you don't want to barbecue outside.

Comfortable climate. An energy-efficient air-conditioning unit with heat pump technology provides cool or warm air at the touch of a button as standard.

Smart energy control ensures that the electrical appliances are automatically controlled, prioritised and switched off or on as required and according to the available power. Completely intuitive and without any in-line fuses! All you have to do is set the fuse protection in amperes, which is specified at the campsite.

Gas-free operation. No more lugging gas bottles. No more checking fill levels. Our E.POWER vehicles are fully electric and therefore not only safer, but also lighter.

Self-sufficient on the road with E.POWER & Einhell. Enjoy maximum freedom with the optional ONE NIGHT STAND system, consisting of the battery docking station "Caravan Charger" and high-performance exchangeable battery "Power X-Change" from Einhell. The 6Ah Power X-Change battery pack with particularly efficient Li-Ion cells supplies the electrical appliances (12V) independently of the shore power connection.

- + 2 in 1: The high-performance "Caravan Charger" is both a power supply and a battery charger
- + Active Battery Management System for maximum safety, performance, endurance & long service life**
- + 1 night self-sufficient: The system runs the light, water pump & compressor fridge.**

* Please note that the possible usage time of a battery per charging cycle depends on various factors, such as the number and power consumption of the operated end users, the age of the battery, etc., and is limited by these. Therefore, a minimum usage time per charging cycle cannot be guaranteed.

VERSATILE SPACE & MAXIMUM FLEXIBILITY

With the DESEO you can switch flexibly from transport to living in no time at all. The unique design enables particularly variable use of space so that even two motorcycles can be transported comfortably. Once you have arrived at your destination, the DESEO offers maximum living comfort and a unique feeling of space.

400 TR

- ⊕ Compact kitchen
- ⊕ 2-4 Sleeping places
- ⊕ Sofa Bed

[CONFIGURATOR ONLINE](https://configurator.knaus.com)

Highlights

- ⊕ Perfect balance between usable space and living space
- ⊕ Flexible room layout
- ⊕ Space for up to two motorcycles

THE WHOLE WORLD IN A SINGLE LAYOUT

DESEO 400 TR. If you choose the optional Transport Plus-Package, you will receive a ramp, two sturdy motorcycle brackets and 10 lashing eyes. In order to be able to transport everything safely, the package also includes a load increase of up to 2,000 kg (chassis). For the living area, the transport version includes a particularly space-saving folding bench seat and the otherwise optional lift bed.

DESEO 400 TR. For those who only want to take a motorcycle with them and do not want to do without the comfortable bed sofa, the standard version can also be equipped with a motorcycle bracket. Especially practical: You can also use the variable table outside thanks to the lightweight resistant aluminium frame.

DESEO 400 TR. The 160 x 180 cm wide tailgate and the stable drive-on ramp which is secured during the journey by means of a rod & twist lock make loading particularly easy. Optionally you can also get a second loading ramp

DESEO 400 TR. Big door for a fresh breeze. On the go all day, but still haven't seen enough. With the rear door open, you can sit back and enjoy an after-dinner drink inside, but still feel like you're outdoors.

DESEO 400 TR. Cool stuff. The large refrigerator has been integrated into the kitchen unit to save space and will keep all of your food supplies nice and fresh.

DESEO 400 TR. There are lots of little helpers in the kitchen such as the innovative Orga-Box. It creates tidiness and ensures that everything stays in its place during the journey.

DESEO 400 TR. Disappearing LED TV. To prevent it from becoming damaged during transit and to take up as little space as possible, the TV disappears elegantly into the sideboard.

COMPACT SPACE BUT FULLY EQUIPPED

From the fully-equipped kitchen and bathroom to the versatile sofa bed, we have thought of everything here. And thanks to the huge rear door, you won't need to leave anything behind when you go on holiday. Whether that's your motorbike or surfboard.

DESEO 400 TR. Optional lifting bed. When the lifting bed is not needed during the day, it can be easily raised. At night it offers maximum sleeping comfort thanks to high-quality EvoPore HRC mattresses.

DESEO 400 TR. A comfy sofa one minute, a cosy bed the next: thanks to its clever design, the practical sofa bed can be converted in no time at all.

DESEO 400 TR. The spacious bathroom at the front of the caravan has lots of handy features, including a fold-away towel rail, lots of storage space, an extended washbasin and an easy-to-clean bench toilet.

COOK & RELAX IN A MODERN SETTING

While delicious meals are being whipped up in the well-equipped kitchen, the bright furniture and cosy seating area invite you to take a seat and relax. Books, board games or clothing are always close at hand in the practical overhead cabinets.

Spacious
Corner Kitchen

Huge
U-shaped seating area

Cosy
dinette

SÜDWIND 580 QS. There is plenty of space in the spacious dinette for doing arts and crafts with the whole family. The bright, warm ambience and numerous windows create a unique feeling of space.

SÜDWIND 650 PXB. As comfortable as a seating area can be: enjoy more legroom and sit back in complete and utter comfort.

SÜDWIND 540 UE. The panoramic roof offers a magnificent view in the seating area. Perfect holiday feeling in any weather.

Unique
panorama kitchen

SÜDWIND 650 PXB. In the panoramic kitchen, the entire width of the vehicle is used, maximising storage space and work surface. The huge window on the kitchen unit creates a unique feeling of space.

Spacious
Galley kitchen

SÜDWIND 650 FSK. In the galley kitchen, the large refrigerator with double hinges is installed in a separate spot adjacent to the kitchenette. You can heat up your breakfast rolls fresh in the oven, which is available as an option.

SÜDWIND 460 EU. From the refrigerator integrated into the kitchen block to a lot of storage space and the gas cooker: everything is available and particularly space-savvily arranged.

Exclusive
Queen-sized bed

SÜDWIND 650 PXB. The exclusive queen-sized bed can be easily accessed from both sides. The leather-effect wall covering makes the space feel particularly classy.

Comfortable
French Bed

SÜDWIND 500 FU. A real classic that fits into the layout in a particularly space-saving way. The space-saving arrangement of bed and bathroom next to each other benefits the living space.

Spacious
Single beds

SÜDWIND 540 UE. Pull out slatted frame (optional), place upholstery and presto - your comfortable double bed is finished.

Family-friendly
bunk bed

SÜDWIND 580 QS. The beds are laid out in such a way that they make the perfect place to escape to. Each child has their own space here, but they can still be together.

START EVERY DAY REFRESHED AND RELAXED

You have a wide choice of bed and bathroom options in the SÜDWIND. The focus is always on supreme comfort and practical solutions.

Cosy
Transverse bed

Exclusiv
open bath

Spacious
integrated bath

SÜDWIND 650 PXB. The rear bathroom offers optimum space efficiency by using the entire width of the interior. This creates space for a separate, spacious shower cubicle.

SÜDWIND 580 QS. Here you have plenty of freedom of movement, a large washbasin and a separate shower.

Well-designed
comfort bath

SÜDWIND 540 UE. Especially practical thanks to the perfectly integrated washbasin with extended shelf and bench toilet.

TAKING COMFORT TO A WHOLE NEW LEVEL

A true dream home. The angled design of the furniture inside the AZUR is stunning with a focus on creating a cosy atmosphere. It makes an impression both inside and out with a unique, dynamic signature lighting concept. Premium materials and clever, practical solutions make the caravan with a cocoon-like design feel like a haven of tranquillity.

Highlights

- ⊕ Dynamic LED ambient lighting
- ⊕ FoldXpand front and rear
- ⊕ Self-repairing FibreFrame

Huge
U-shaped seating area

AZUR 500 FU. Cocoon-like design for maximum comfort. Simply cosy: thanks to the fabric-covered SmartWall, exquisite surface finishes and dynamic LED ambient lighting, you will immediately feel at home in the comfortable U-shaped seating area.

AZUR 540 UE. The seating group is also covered with fabric in the foot area – for a cosy couch effect and that special feel-good factor.

AZUR 500 FU. The LED ambient lighting featuring a dynamic signature lighting concept shows the interior in all its glory. Rather impressively, the angled design of the furniture provides you with an open line of sight throughout the spacious interior.

AZUR 500 FU. In the SmartWall, the storage space has been attractively incorporated into the wall and even more shelves can be found behind the padding. The flap can be used as a handy worktop extension and the integrated power socket makes it the perfect place to set up a coffee machine.

ENJOY LIFE IN UNPARALLELED COMFORT

The open lines of sight, stylish cocoon-like design and unique lighting concept make the spacious living area a real feast for the eyes.

Spacious
galley kitchen

Space-saving
compact kitchen

AZUR 460 EU. The convenience of a compact kitchen: With lots of storage space, an integrated refrigerator and the optional extractor hood, it has everything you need to make preparing meals a wonderful experience.

AZUR 500 FU. The gas hob with cast-iron pan supports can be found underneath the glass cover featuring a soft-close mechanism. Espresso makers stand just as securely on top as large pots and pans.

AZUR 500 FU. The saying “a feast for the eyes” holds particularly true in the case of the AZUR: thanks to the ambient lighting in the drawers, the stylish work surface and attractive refrigerator with double hinges, the minimalist designer kitchen will delight more than just your taste buds – it is incredibly practical too.

Comfortable
French bed

AZUR 500 FU. You can completely stretch out in the French bed. Atmospheric ambient lighting runs around the base of the bed, and additional storage space can be found underneath.

Spacious
longitudinal bathroom

AZUR 500 FU. Thanks to the washbasin, large shelves and wide mirror with atmospheric ambient lighting, the longitudinal bathroom in the AZUR boasts a modern design and plenty of storage space.

Well-designed
comfort bath

AZUR 500 EU. A truly luxurious space: in addition to its stylish design, its many shelves and its premium bench toilet, the versatile comfort bathroom also features a large optional vent window.

FEEL LIKE YOU'VE BEEN KISSED AWAKE

The cosy, cocoon-like design is continued in the sleeping area. Indirect lighting and fabric-covered walls also create a relaxing atmosphere. The bathroom boasts a modern washbasin and plenty of storage space.

AZUR 500 FU. When two becomes four: the spacious U-shaped seating area can be converted into a cosy sleeping space in no time at all. This creates two separate sleeping areas in the AZUR for up to four people.

AZUR 500 FU. There is plenty of room for your favourite books, magazines or clothes in the cleverly concealed storage compartments.

Spacious
single beds

AZUR 500 EU. The single beds offer a supreme level of sleeping comfort, while the fabric covering on the walls and the stylish LED ambient lighting make the space feel exclusive and luxurious.

AZUR 500 FU. A lavatory with extra benefits. Even more storage space can be found in the separate lavatory. Thanks to the integrated clothes rail and optional shower extension, this room can be used for many different purposes.

A catalogue for our motorhomes, camper vans & CUV is also available.

Information on the product delivered, dimensions, mass and appearance, correspond to our understanding at the time of printing (07/2023). We reserve the right to make changes to fittings, technical data, series equipment and prices. Please make every effort to be fully informed about these matters by your authorised KNAUS dealer before making your purchase. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved – even after conclusion of the contract – insofar as these cannot be avoided due to the material structure (e. g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some of the illustrations show equipment features that are not included in the standard equipment and that can be ordered for an additional charge (optional equipment) as well as some equipment features of prototypes/studies that do not correspond to the standard equipment and therefore cannot be ordered as optional equipment. Slight colour deviations of the illustrations in the brochure from the actual vehicle cannot be completely excluded for printing reasons. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised KNAUS dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the comments in the current price list, in particular on weights, load capacities and tolerances. Please note that the number of beds indicated may include beds for both adults and children. The beds do not have the same dimensions. We therefore recommend that you consult your KNAUS dealer about the dimensions of the beds provided in the vehicle so that you can decide whether they are suitable for the occupancy (adults/children) you intend to have. For some models, additional equipment must be selected in order to achieve the maximum possible beds. Your KNAUS dealer will be happy to advise you. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert AG. We reserve the right to change content at our discretion.
